Training for non-profit organizations

NPOs work tirelessly for many causes helping communities. Doussou Formation approaches its operations with the same state of mind. We believe in our teams, we want to make a difference with the people who take courses with us and we constantly want to be more efficient. In this sense, we understand the mission of NPOs and have worked with many of them in the past. In order to help you assist the communities, we offer indirect support by giving our training courses at 50% of the price when attended by 2 or more people from an NPO. Doussou Formation is the first step to train your employees and make your organization efficient. Help more, help better by taking one of our many great training courses.

Tell us about your training project

We reply within 24 hours with a training plan and a quote.
